

Stock Exchange Announcement

– Sale of HMN Naturgas A/S

Today on 4 July 2017, HMN Naturgas I/S has signed a sales contract regarding sale of the stocks of HMN Naturgas A/S. The buyer of HMN Naturgas A/S is a consortium consisting of two energy companies Eniig a.m.b.a. and SEAS-NVE a.m.b.a.

The sale is made in continuation of HMN Naturgas' board's and committee of representatives' decision on sale-off of the trading company as a result of the governmental supply strategy of September 2016, which prepares the ground for a split-up of grid- and trading companies in the supply sector.

The sale has been entered into, subject to approval of the committee of shareholders of HMN Naturgas I/S and by the competition authorities.

Moreover, the sale is conditional on the Danish Parliament's adoption of amendment of the set-off rules.
